How to make money with Forton?

Types of earnings

Active

- For inviting partners
- For upgrading levels by partners

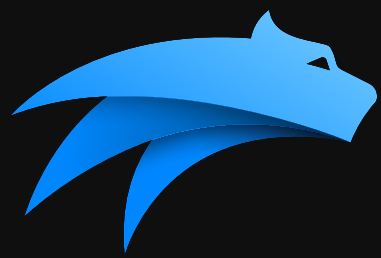

Passive

- Each 10/20/30th day in a month is separated between active participants in the platform

How to be active

Invite at least one partner
OR activate the next level,
OR receive any income
and you are active again!

Earn money in a new way: Passive income

Passive income is automatic payments that each project participant receives. You earn even without new invitations

Where does passive income come from?

Each purchase of levels in ForTon includes an additional cost of **25%**

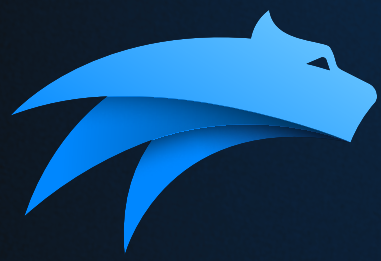

Who receives passive income?

Active members:

- Received any income or invited a partner in the last 10 days
- Receive payments on every date

Inactive members:

- Do not meet the activity conditions
- Receive payments only once
